

Atlas Copco FRL RANGE

Atlas Copco FRL range ensures maximum performance and increases the service life of your pneumatic tools.

Features

- Compact
- Low pressure drop
- Modular design with Filter, Lubricator & Regulator
- Increases the service life of your air tools service life

Benefits

- Simple & quick installation
- High efficiency
- Ensures good air quality
- Optimises the performance of your air tools

Supply pressure
1.5 - 16 bar at inlet
0.5 - 10 bar at outlet

FILTER ELEMENT
5µm

PRODUCT portfolio

Air Preparation Units (FRL)

Filter (F)

Separating water and solid particles from the air line and compressor

Regulator (R)

Ensuring the right tool pressure (6.3 bar / 90 psi)

Lubricator (L)

Supplying the correct amount of oil to the tool in order to prolong the service life

Filter/regulator

Filter mounted with regulator

Filter/regulator+lubricator (FRL)

All units mounted together

MINI

1/4" - connection (NPT/BSP)

Medium:

Can be used with compressed air
and neutral gases

Filter element:
5 µm

MIDI

1/2" - connection (NPT/BSP)

Medium:

Can be used with compressed air
and neutral gases

Filter element:
5 µm

MAXI

3/4" & 1" - connection (NPT/BSP)

Medium:

Can be used with compressed air
and neutral gases

Filter element:
5 µm

THE FRL stand

Handle
for easy
carrying

Featuring
Atlas Copco
new FRL
range

Tool holder,
for easy
mobility

Model name	Max Air Flow l/s (Cfm)	Weight kg (lbs)	Part Number
FRL-STAND-MAXI-NPT	200 (424)	7.95 (17.5)	9090303013
FRL-STAND-MAXI-BSP	200 (424)	7.85 (17.3)	9090303014

Hose Kits to be used with FRL Stands	Part Number
Hose Kit for 1/4 Inch Tool Inlet BSP	8202135082
Hose Kit for 3/8 Inch Tool Inlet BSP	8202135068
Hose Kit for 1/2 Inch Tool Inlet BSP	8202118182
Hose Kit for 1/4 Inch Tool Inlet NPT	8202135083
Hose Kit for 3/8 Inch Tool Inlet NPT	8202135069
Hose Kit for 1/2 Inch Tool Inlet NPT	8202118191

ACCESSORIES

All separate units, mounting brackets, assembly kits and pressure gauges need to be ordered separately. F/R and FRL units are delivered with gauge. Wall brackets are available for each unit but need to be ordered separately based on your customer needs. Mounting plate is available to be ordered for Pressure Regulator & filter pressure regulator.

Mounting Plate

Wall Bracket

*Mounting Plate can't be used with Maxi units due to weight of the unit.

TECHNICAL data

MINI range

Model name	Max Air Flow l/s (Cfm)	Bowl material	Max condensate capacity cm ³ (oz)	Max oil capacity cm ³ (oz)	Weight kg (lbs)	Part Number
MINI Range						
Filter						
MINI-FIL-1/4-BSP	37 (78)	Plastic, PC with PA bowl guard	10 (0.34)		0.28 (0.63)	4221000131
MINI-FIL-1/4-NPT	37 (78)	Plastic, PC with PA bowl guard	10 (0.34)		0.28 (0.63)	4221000132
