

# CLASSIC+ SAFETY AIR BLOW GUNS

The 75XXT is perfect tool for cleaning easy to reach or the Long John® safety air guns are perfect for inaccessible and hard-to-reach areas, used for blowing everything from dust to moving larger heavy debris, cleaning masonry forms, tanks, ovens, molds, and rafters, as well as machinery and storage areas. Efficient venturi nozzle boosts thrust up to 200% over conventional air guns, yet limits static pressure to less than 30 psi should the tip become blocked. Classic+ pistol grip-style handle provides maximum ergonomic user comfort and robust cast aluminum construction ensures a long service life in harsh work spaces.
